Dry & Wet Pet Food

Pouching solutions for all kind of treats

Why Volpak

Volpak designs and manufactures a wide range of HFFS pouching machines for packaging Wet and Dry Pet Food in different formats and sizes. Flexible packaging offers numerous advantages, such as convenience, lightweight, and long shelf life.

We work closely with the market's leading Pet Food producers, supporting them in developing innovative and versatile flexible packaging machines.

Leak-free, cost-effective and appealing packaging

State-of-the-art packaging equipment

Ready to work with 100% recyclable materials

Wide range portfolio

Tailored for Pet Food

Our solutions are equipped with **advanced features** like single or multiple filling stations, seal integrity kits, press-to-close, hook-to-hook and steam. They are designed to manage **gravy and chunks**, as well as **retort processes** for Wet products.

Sustainable ready

Volpak solutions are ready to work with **monomaterial** and **paper-based** films, to make your pouches 100% recyclable.

A solution for every need

Our wide portfolio is built to meet your needs in terms of **quality, flexibility** and **production capacity**, up to 400 ppm.

		Speed	Capacity	Features
Wet & Dry	SI Series	medium-high	up to 2500cc up to 240 ppm	servo-driven, options & applicators
	SP Series	medium	up to 1200cc up to 360 ppm	mechanical-driven, options & applicators
Dry	SL Series	medium-low	up to 500cc up to 180ppm	mechanical-driven, easy set-up and maintenance
	SC+ Series	high	up to 300cc up to 400ppm	continuous filling, high-volumes
